Conference Call line:

Please note the following procedure for tying into the conference call line:

(1) calls cannot be transferred. You must call from the telephone from which you wish to speak. Our software will lock out additional callers when a flash (transfer) button is depressed.

(2) at the time of the meeting, please call state telephone number (916) 445-5476

(3) if you dial early and are the first to access the line, you will hear a continuous ring until the second person calls

(4) each new person thereafter accessing the line will hear one ring and will then be connected.

New callers should identify themselves at this point.
