Conference Call line:

Please note the following procedure for tying into the conference call line:

- (1) calls cannot be transferred. You must call from the telephone from which you wish to speak. Our software will lock out additional callers when a flash (transfer) button is depressed.*
- (2) at the time of the meeting, please call state telephone number (916) 445-5476*
- (3) if you dial early and are the first to access the line, you will hear a continuous ring until the second person calls*
- (4) each new person thereafter accessing the line will hear one ring and will then be connected. New callers should identify themselves at this point.*
