Attachment One
CEAC Policy and Legislative Priorities
(2021-2022)

1. Surveyor Recorder Relationship Clean-up. Support coordinated effort with the County Records Association to update outdated language in the Government Code relating to transfer and sharing of documents, through Senate Committee on Governance and Finance Omnibus bill.
2. Surveyor Monument Preservation. Support legislation that would simplify the collection of the Monument Preservation Fund Fee.

Past Legislative and Administrative Policy Guidelines
(From 2021-2022 CEAC Legislative & Administrative Policy Guidelines)

1. Include funding for horizontal and vertical control surveying networks to support transportation infrastructure construction in future infrastructure funding legislation.
2. Support legislation that would allow use of no more than 25% of the Survey Monument Preservation Fund for examining records of survey and corner records so that the cost of service is covered.
3. Participate in the California Geographic Information Association and the California Geographic Information Coordinating Council.
4. Support funding for Counties' Geographic Information Systems (e.g., authorize local agencies to recover full costs of creating and maintaining automated records).
5. Support legislation which will allow use of a non-conditional lot line adjustment map to replace the lot line adjustment process.
