Primary Job Duties

**This is a Companion Position created to allow the current Engineering Division Manager to train a replacement. Upon the retirement date of the existing incumbent, the position is expected to become permanent. **

This position will be responsible to plan, organize, and direct the engineering work for the Construction Division. Additional duties include providing administrative and technical direction to professional, para-professional, and clerical staff; to serve as a member of the Department's management team; and to perform other duties as required.

Competitive candidates will have experience leading and mentoring a team; have a construction inspection background, and have the knowledge of local, state and federal construction guidelines. All candidates must possess a Professional Civil Engineering license issued by the State of California Board of Registration for Professional Engineers.

Please review the [Engineering Division Manager](#) job description for the full recruiting guidelines.

Minimum Qualifications

Education: Graduation from an accredited college or university with a Bachelor's degree in civil engineering, environmental engineering, geology, planning, transportation planning, public administration, architecture, or closely related field.

Experience: Four years of professional engineering experience, two years of which must have been in an engineering supervisory capacity in the appropriate specialty for the division assignment.

To Apply

ALL APPLICANTS MUST APPLY FOR THIS POSITION USING THE COUNTY'S [JOB GATEWAY](#) by 11:59 p.m. on August 12, 2016.
