

County Engineers Association of California

SAVE THE DATE!

39TH ANNUAL CEAC NORTHERN CALIFORNIA BEDROLL CONFERENCE July 24 THROUGH 26, 2024

You are cordially invited to the 39th Annual Northern California Bedroll Conference at Camp Tehama, Mineral, California. This Tri-Regional Northern California, Sacramento Motherlode, and Bay Area CEAC meeting brings together Public Works Directors, our partner agencies, and senior staff from the three regions in an informal atmosphere to discuss new and challenging aspects of public works that we face today.

The meeting is being held at Camp Tehama, a Tehama County campground near Mineral California, within the Lassen National Forest at [40550 Hwy 172, Mill Creek, CA 96061](#). Lodging consists of rustic cabins with bunk beds, including mattresses. *You should be prepared with your own bedroll, pillow, towels, and toiletries. Parking is limited so carpooling is encouraged.*

We have several speakers lined up on current and interesting topics including the latest information on emulsions and pavement preservation treatments being developed by the California Pavement Preservation Center. We will also receive briefings from CEAC and Caltrans Local Assistance to find out what the latest is in these fast-changing times. And there will be plenty of networking!

The \$50 registration for County Representatives and \$100 registration for others covers the cost of the luxury cabins, fine meals, and program.

If you have any questions on the conference, please contact Howard or Bob.
