

Patty Romo, Director of Transportation, Riverside County

1. Major Achievements while at Riverside County

- While at the County was responsible for the delivery of over \$1 billion worth of projects of varying complexity, from small chip seal projects to a \$100 million grade separation project. The large complex projects include:
 - Grade Separations
 - Magnolia
 - Clay
 - Airport
 - Avenue 66
 - Sunset
 - Jurupa
 - Bridges
 - Van Buren
 - River road
 - Hamner
 - Interchanges
 - Valley way
 - Clinton Keith
 - Indian Truck Trail
 - Ramona Expressway
 - Van Buren
 - Newport
 - Scott
 - Indian Canyon
 - Palm Dr
 - Date Palm
 - Jefferson
 - New arterials
 - Clinton Keith
 - Major widenings
 - SR79
 - Temescal Canyon Rd
- Directed and helped form the development of the “Drive to Survive Campaign”, to help reduce the number and severity of collisions on high speed rural roads around the county.
- Managed the emergency response effort to manage debris flow following the significant burn scars from the Holy and Cranston fires of 2018.
- Directed the transition of a comprehensive review and analysis of the entire 2,200 miles of maintained road within a 3 month period to develop an accurate PCI. This robust program will improve the PCI accuracy and help to better determine appropriate roads to improve to maximize the limited funding received.

- Managed a diverse staff of 380, including maintenance operations from 10 yards, capital projects, environmental, construction, traffic, plan check, development, surveys, and accounting staff.
 - Responsible for the operation and maintenance of over 2,200 miles of roadway and 108 bridges
