*Ben Fine*, President, Public Works Department, League of California Cities,  
City of Pismo Beach

**Opening Keynote: Leading Change by Changing the Way We Lead**

As a leader, you get better by change, not chance. The world of work has changed and continues to change. Blue-collar workers are more often recognized as the backbone of local government. What are the skills needed to lead this important group? How can managers create a purpose-filled vision that instills passion, drives performance, and produces collective success? Learn the skills and habits of 21st Century leaders by attending this session designed to make you laugh, learn, and leave with new mindsets and skill sets. You'll also find out workplace cold hard facts, why managers fail to get better, and how to ignite your public works team members through engagement, encouragement, and empowerment. Lastly, you'll understand how to develop your "positivity" reflex and utilize it in the future, long after the presentation.

**Speaker: Ron Williams**, Vice President of Personal Services Plus, LLC  
Ron Williams, the "Leadership Whisperer," is an internationally recognized speaker and trainer with more than forty years of experience in the public and private sectors. His insights on 21st-century leadership, employee engagement, and executive coaching make him one of the nation's leading resources in understanding organizational and individual success and achievement. Ron has held many high-profile positions in his career, including as Chief of Staff for the District of Columbia's Human Resources Department and General Manager of the Western Region for Nike. Ron created the Corporate Diversity department at Nike and was Nike's Director of Training and Development. Ron has also worked with many federal government agencies helping them to develop programs to optimize their human capital.

WEDNESDAY, MARCH 8

2:45 PM – 4:00 PM | CONCURRENT SESSIONS

**Public Construction and Contracting Law Update for California**  
*Sierra Ballroom B*

Discover the case studies, public project contractor negotiation, and best practices that can safeguard your community from disputed agreements and potential litigation. These disagreements often result from legislative and regulatory changes in California public construction and contracting law that impact cities and counties.

**Moderator and Speaker:**

*Joan Cox*, Partner, Burke, Williams & Sorensen, LLP

**Speaker:**

*Mark Mercer*, Burke, Williams & Sorensen, LLP

**Becoming Part of the Conversation: Increasing Public Works' Public Perception**  
*Hiro Room*

Public works departments play a significant role in making everyday life as safe and convenient as possible for everyone. By helping the community understand our work, we can generate goodwill, gain compliance with new regulations, and keep the public safe. This panel discussion will focus on how research, planning, implementation, and evaluation can inform effective public education strategies when communicating major infrastructure projects, newly enacted state laws like SB 1383 (the organics mandate) and inspire calls to action related to natural disasters like floods, wildfires, and earthquakes.

**Moderator:**

*Julie Hagen*, Deputy Public Works Director, Santa Barbara County

**Speakers:**

*Maurice Chaney*, Public Information Officer, City of Roseville

*Lael Wageneck*, Public Information Officer, Santa Barbara County

WEDNESDAY, MARCH 8

4:00 pm – 5:15 pm

**Visit with Exhibitors**  
*Sierra Ballroom A*

4:15 PM – 5:30 PM | CONCURRENT SESSIONS

**Public Input that Works: Strategies for Successful Community Engagement**  
*Club Room*

The public's increasing desire to have their say about everything from road designs to rate structures, environmental programs and more has posed new challenges for public works professionals. Learn how to meet new expectations for community engagement without giving up control or compromising your technical expertise. This session will provide real-life case study examples of how to engage the right people at the right time on the right decisions, plus some painful lessons from public engagement gone terribly wrong. In the end, participants will leave feeling more empowered, confident, and prepared when asked to engage the public.

**Moderator and Speaker:**

*Kristina Ray*, Communication & Engagement Director, City of Carlsbad

**Speaker:**

*Carmen Kasner*, Southwest Operations Director, Ardurra

WEDNESDAY, MARCH 8

## Effective Pavement Program Management for Cities and Counties (CCPIC Session)

### Hiro Room

Agencies throughout California utilize pavement management systems to monitor existing pavement condition. A successful program integrates the existing pavement condition with a toolbox of various treatments for different pavement needs. The session will also briefly provide an overview of the importance of pavement compaction and an overview of the roles of contractors and agency representatives to maximize the performance of the pavement. Panelists will offer insight and best practices drawn from many years of research into effective pavement program management. Lastly, receive an update on the latest activities and initiatives sponsored by the City County Pavement Improvement Center (CCPIC) followed by an engaging discussion with the audience on local agency pavement management issues.

#### Moderator:

**Matt Randall**, Placer County Road Maintenance Division Manager, Placer County, CEAC Sacramento Motherlode Regional Director

#### Speakers:

**John Harvey**, Director, City and County Pavement Improvement Center, UC Davis

**Erik Updyke**, Specialist, City and County Pavement Improvement Center

WEDNESDAY, MARCH 8

## Drought and Potable Reuse on California's Central Coast Sierra Ballroom B

A combination of drought and population growth has overstressed California's water supply infrastructure. The California Central Coast is now implementing multiple advanced treated recycled water projects to create a new and sustainable water supply. These projects represent pinnacle engineering efforts to secure sustainable water for our communities, with each project injecting the purified water into their respective groundwater basins for storage and protection against seawater intrusion. Panelists will address the permitting, public support, financing, and engineering elements necessary to implement recycled water projects.

#### Moderator:

**Justin Pickard**, Program Manager, Water Systems Consulting

#### Speaker:

**Gina Dorrington**, General Manager, Ventura Water

**Andrew Salvesson**, Vice President, Carollo Engineers

**Benjamin Fine**, Public Works Director/City Engineer, City of Pismo Beach

5:30 pm – 6:30 pm

### Expo Networking Reception

THURSDAY, MARCH 9

10:45 AM – 12:00 PM | **CONCURRENT SESSIONS**

**Project Labor Agreements for Local Public Works Projects**

*Sierra Ballroom B*

Project Labor Agreements (PLAs), once limited to mega projects, are being used on routine, local projects. Why is that, and what are the advantages and downsides? This session will provide the basic legal background on PLAs, including enabling legislation and history, what they do and don't do, legal pros and cons, and how their use has changed over time. Leading PLA experts will detail their experience with the implementation of PLAs, including the impact on the bidding process, management, and cost of their projects.

**Moderator and Speaker:**

*Jonathan V. Holtzman*, Founding Partner, Renne Public Law Group

**Speakers:**

*Julian Gross*, Principal, Law Office of Julian Gross

*Sebrina Owens-Wilson*, Regional Impact Program Manager, Metro

**The Changing Landscape of Recycling: Local Market Development and Participation**

*Hiro Room*

The way we recycle in California is on the verge of drastic change. With the passage of several new landmark bills, California will need to recycle the old recycling system. Hear from experts on the latest in the recycling space and what your area needs to do to navigate the new recycling mandates.

**Moderator:**

*Tom Koutroulis*, Director, Orange County Waste & Recycling

**Speakers:**

*Dr. David Crohn*, Cooperative Extension Waste Management Specialist, Department of Environmental Sciences (Retired), University of California Cooperative Extension

*Tim Goncharoff*, President, TAG Consulting

*Heidi Sanborn*, Executive Director, National Stewardship Action Council

THURSDAY, MARCH 9

## Extreme Hazards: Planning, Recovery and Resilience

### Club Room

Fire, flashflood, debris flows, extreme heat, and seismic hazards—this session builds off of instant polling feedback received at the 2022 Public Works Officers Institute and dives deeper into the current and future “extreme hazard” challenges facing California’s cities and counties. State and local leaders will share the latest lessons learned, and GIS resources: funding and technical assistance available for suburban, urban, and rural communities. Interactive polling will be used to jump-start conversations with your colleagues on overcoming the many hurdles (i.e.: documentation and contracting!) and cost-effective, realistic-to-implement ideas that you can take home to your team.

#### Moderator:

*Sarah Rubin*, Outreach and Engagement Advisor, CA Department of Conservation

#### Speakers:

*Jeremy Lancaster*, Supervising Engineering Geologist, California Geological Survey

*Brian Olson*, Senior Engineering Geologist, California Geological Survey

*Jeff Pratt*, Public Works Agency Director Ventura County

12:00 pm – 1:30 pm

## Networking Luncheon

### Sierra Ballroom CD

Chair: *Aleks Jevremovic*, Santa Barbara County

THURSDAY, MARCH 9

1:30 PM–2:45 PM | CONCURRENT SESSIONS

## State of Infrastructure Investment and Jobs Act

### Sierra Ballroom B

Over the next five years, the federal government is making significant funding available to states and localities to improve roads and bridges, water infrastructure, resilience, internet, and more. In this session, hear from lead state agencies on the status of the formula funding, where and how to best apply, and discuss best practices with other local governments about applying for competitive grants.

#### Moderator:

*Paz Gomez*, Deputy City Manager, Public Works, Carlsbad

#### Speakers:

*Sean Maguire*, Board Member, State Water Resources Control Board

*Paul-Albert Marquez*, Deputy District Director - Planning, Goods Movement, and Local Assistance, District 7, California Department of Transportation

*Robert Osborn*, Director, California Public Utilities Commission

## Don't Throw Paving Dollars Out with the Trash

### Hiro Room

Do you have enough money for pavement maintenance? The statewide average Pavement Condition Index for local streets and roads is 66. This “at risk” condition indicates that current maintenance funds are insufficient. Hear how one California city successfully secured extra funding sources, and how you can adopt these financial saving practices in your community.

#### Moderator:

*David Leamon*, Public Works Director, Stanislaus County

#### Speakers:

*Lisa Petersen*, Public Works Director, City of Pacifica

*Debaroti Ghosh*, Pavement Engineer/Specialist, NCE

*Margot Yapp*, President/CEO, NCE

THURSDAY, MARCH 9

### SB378 and New Innovations for the Deployment of Fiber Networks Club Room

The panel will focus on broadband deployment strategies and the use of innovative methodologies to install fiber networks more efficiently and with less impact on streets. Also highlighted will be potential cost savings, lighter environmental impacts (spoils, air quality, vehicle trip reductions, etc.), and maximizing investment dollars for community benefit.

**Moderator:**

*Rochelle Swanson*, Lead of CA State Policy & NorCal Government Affairs, Crown Castle

**Speakers:**

*Ted Allen*, City Engineer, Los Angeles, Bureau of Engineering

*Daniel Schweizer*, Director, Government Affairs, Crown Castle

*Walter Tustin*, Federal Funding Program Manager, Crown Castle Fiber LLC

Break

### 3:00 PM–4:15 PM | CONCURRENT SESSIONS

### Case Study: Broadband Internet and Smart City Applications Club Room

Learn how the city of Placentia entered into a unique partnership to deliver fiber optic broadband internet access to every home and business in the city utilizing a new micro-trenching technique within the city's road right-of-way. The Placentia FiberCity® Project is a privately funded, \$35 million investment in Placentia that will deliver high speed broadband access to every resident and business. This presentation will focus on the construction methods used to install the fiber system as well as how the city managed the contractor's efforts in delivering this city-wide project.

**Moderator:**

*Marcus Bowman*, SiFi Networks

**Speakers:**

*Dan Urban*, President and CEO, Lat Long Infrastructure, LLC

*Luis Estevez*, Deputy City Administrator, City of Placentia

*Jean Miller*, Area Manager, Midwest Region, SiFi Networks

THURSDAY, MARCH 9

### Making Public Works an Attractive Option in a Changing Workplace Sierra Ballroom B

The current workplace looks different, the labor force has changed, and the job market is volatile. Public works organizations are facing new workforce challenges while the largest ever investment in infrastructure is happening. So, how do we find success in this divergent situation? It requires that public works leaders find creative means of retaining talent, recruiting in competitive markets, and inspiring the next generation to join our professions.

**Moderator:**

*Jason Drew*, Principal Scientist, NCE

**Speakers:**

*Joshua Pack*, Director of Public Works, Butte County

*Walter Rubalcava*, Deputy Director, Santa Barbara County

*Paul Valadao*, Lecturer, Cal Poly, San Luis Obispo

### Going to the Well: Discussing Municipal Water Issues

Hiro Room

As the drought in California worsens, having a wide perspective on municipal water issues can lead to positive change. Hear from state agencies and local water utilities on what the pressing issues are for California cities and counties when it comes to water quality and supply.

**Moderator:**

*Brian M. Balbas*, Public Works Director/Chief Engineer, Contra Costa County

**Speakers:**

*Jessica Bean*, Assistant Deputy for Drought and Water Rights Modernization, State Water Resources Control Board

*Elizabeth Lovsted*, Water Resources Manager, San Diego County Water Authority

*Peter Martin*, Deputy Director Water Resources, Santa Rosa Water
