

CEAC Annual Meeting Legislative Update

CEAC Resources and Recycling Committee

November 16, 2023

New Laws in 2024

[AB 592 \(Wilson\)](#) **Vehicles: commercial nonfranchise solid waste haulers: pilot program**

This bill allows the counties of Solano, Contra Costa, and Alameda to create a three-year pilot program to regulate the transport of solid waste by commercial nonfranchise solid waste haulers on public roads in unincorporated areas. CSAC supported AB 592.

[AB 1548 \(Hart\)](#) **Greenhouse Gas Reduction Fund: grant program: recycling infrastructure projects**

This bill expands CalRecycle's existing solid and organic waste recycling grant program to help local governments get recycled material into the marketplace, find new homes for useful consumer goods, and expand local edible food recovery programs. CSAC supported AB 1548.

[SB 568 \(Newman\)](#) **Electronic waste: export**

This bill requires that when a person exports electronic waste or a covered electronic device for recycling or disposal to a foreign country to demonstrate that the person attempted to locate an instate recycler and/or could not be managed by an instate e-waste recycler.

New Laws in 2024

[SB 613 \(Seyarto\)](#) **Organic waste: local jurisdictions: low-population waiver**

This bill provides an exemption until December 31, 2028 to local jurisdictions, including a county, from their organic diversion and methane emission reduction targets under SB 1383 if they have fewer than 7,500 people and dispose of fewer than 5,000 tons of solid waste per year. Beginning January 1, 2027, the bill would authorize the department to renew the waiver.

[SB 642 \(Cortese\)](#) **Hazardous materials: enforcement: county counsel**

This bill will close a loophole to provide County Counsels with complete civil enforcement authority over hazardous waste violations, as originally intended by the Legislature. SB 642 will complete the Legislature's intent by granting county counsels complete civil enforcement authority over hazardous waste violations. CSAC sponsored SB 642.

[SB 806 \(Archuleta\)](#) **Trash receptacles & storage containers: reflective markings**

This bill makes changes to the type of reflective markings required to be placed on trash receptacles. CSAC supported SB 806.

SB 1383: What's to Come?

- Top CSAC Legislative Priority for 2024
- Conversations happening about legislative action
- Coalition building

SB 1383 Survey

- 44 responses from 42 counties
- Top issues:
 - Edible Food Recovery
 - Procurement
 - Cost Recovery
 - Inspections/Enforcement

16. If yes to question 14, does your county estimate that rate increases will fully cover costs association with SB 1383 complaince?

[More Details](#)

- Yes 10
- No 19

17. Does your county anticipate the need to increase rates within the next three years, as a result of SB 1383 compliance?

[More Details](#)

- Yes 27
- No 17

19. Has your county received a notice of noncompliance from CalRecycle regarding SB 1383?

[More Details](#)

● Yes	9
● No	30
● Other	4

20. Has your agency filed a Notice of Intent to Comply (NOIC) with CalRecycle pursuant to SB 619?

[More Details](#)

● Yes	18
● Maybe	3
● Other	20

Conclusion

If you have any questions or thoughts related to CSAC's work on resiliency, please feel free to contact CSAC staff:
